I am a property owner in Mosier and I want to express my support for establishing a minimum 1.5 mile setback for any wind farm project. It wasn't that long ago that a wind project was proposed that would have seriously affected my property views as well as noise. The Columbia Gorge Scenic area is a national treasure and should be protected. Oregon has other remote locations that would not mar this beauty. I cannot attend the meeting but please do whatever you can to get this setback approved.

Thank you for your work.

Nancy Sellers
