This subsection shall not apply to occasional or part-time employees.

§84.510. Classification Plans. The Civil Service Commission shall classify all positions within the classified service and the County Court shall adopt a classification plan grouping all such positions into classes based upon the determinations of the Commission. In addition, the County Court may adopt and utilize such groupings within the unclassified service for similar positions and may adopt a classification plan for such service or parts thereof utilizing the classifications of the Civil Service Commission or other qualified persons for that purpose.

§84.520. Classified Service Classifications. Requests for amendment of the classification plan, for allocation of new positions, for reclassification of existing positions, for specifications and for minimum qualifications statements, shall be made and processed in accordance with Civil Service Rules as to all positions within the classified service. Such requests may be initiated by any appointing authority or by the County Court.

The class title adopted by the Civil Service Commission shall be the official title of every position within the classified service for the purpose of personnel actions and shall be used on all payrolls, budget documents and official records and reports relating to the position. Any other working

title desired and authorized to be used by the appointing authority may be used as a designation of any position for purposes of internal administration or in contact with the public.

§84.610. Creation of New Positions. No new position in the County service shall be created without the specific approval of the County Court. When an appointing authority desires to establish a new position, he shall direct such request to the County Court accompanied by:

§84.720. Dismissal or Demotion During Probation. At any time during the probationary period the appointing authority may remove or demote an employee whose work does not meet required standards. No prior approval is required for such action but if the employee is serving within the classified service the appointing authority shall provide to the employee and to the Civil Service Commission a written report of the action and the reasons therefore, in accordance with Civil Service Rules. In the case of an employee serving in a position in the classified service upon promotion from another such position who is demoted to the former position, the action is subject to review by the Commission; in all other cases, the appointing authority's decision is non-reviewable except for absence of good faith or violation of §84.310.

- (2) transfer to a position in a class having a lower salary range - this constitutes demotion;
- (3) transfers from a position in one service to a position within a different service - this constitutes a new appointment.

§84.820. Transfers Within Department. The appointing authority, at any time, for the good of the service, may reassign an employee to another position within the same department.

§84.830. Transfers Between Departments. Transfers may occur between departments only with the consent of the employee and both appointing authorities.

§84.840. Transfers in the Classified Service. An employee within the classified service shall be the subject of transfer, as provided in §84.820 and §84.830, only in accordance with the rules of the Civil Service Commission and shall be entitled to ten days notice of involuntary transfers.

§84.910. Promotions. Promotions shall occur within the classified service only in accordance with the rules of the Civil Service Commission. Promotions shall occur within the unclassified service in the same manner in which new appointments are made within that service.

§84.950. Demotions. An appointing power may involuntarily demote an employee who has fulfilled his probationary requirements only for a cause listed in §89.250 and after providing the employee with a written statement of particulars alleged to constitute the grounds for disciplinary action. If the demoted employee holds a position in the classified service, the appointing authority must comply with applicable Civil Service Rules and his action is subject to review in accordance with the Civil Service Act.

§84.955. Voluntary Demotions. Any employee in the County service may request demotion from a position in one class to a position in a class of lower rank. All such requests shall be in writing, and if the demotion is within the classified service are subject to Civil Service Commission approval. Such requests shall be granted whenever the applicant is qualified and the demotion would not result in the layoff of another employee.

§84.960. Demotions During Probation. An employee in the classified service who is demoted during a probationary period which he is serving upon promotion from another position in the classified service shall be reinstated in his former position unless misconduct or delinquency is the reason for the failure to qualify in his probationary position.

1985-0363(59)

§85.010. Maintenance of Compensation Plan. The County Court shall maintain a plan for the compensation of all persons within the County service whose salaries are not set by statute. The plan shall include, for each class, a minimum and a maximum rate and such intermediate rates as are considered necessary or equitable. The ranges shall reflect: the relative responsibilities of the class, availability of personnel and prevailing rates of pay.

§85.020. Rates of Pay. Each employee shall be paid at one of the rates in the salary range for the class in which he is employed.

§85.030. Entrance Salary. Normally an employee shall be appointed or reinstated at the entrance rate for the class in which he is employed. Exceptions to this policy may be made by the County Court, upon request of the appointing authority, when justified by the qualifications and experience of the employee, the availability of qualified candidates for the position, and the resulting salary relationships with other similar positions.

§85.040. Salary Increases. Salary increases are not automatic but shall be based upon satisfactory service (and recommendation of the appointing authority). Such increases may be granted by the County Court when the appointing authority has recommended increase based upon a high standard of work performance.

§85.050. Eligibility for Salary Increase. For most employees, the salary range shall include six steps. The employee shall advance to the second step upon completing six months of satisfactory service in his class. Thereafter, advancement to the third step of the salary range may occur after one additional year of satisfactory service within the classification. Thereafter, advancement to the fourth step may occur after one additional year of satisfactory service within the

classification. Thereafter, advancement to the fifth step may occur after two additional years of satisfactory service within the classification. Thereafter, advancement to the sixth step may occur after two additional years of satisfactory service within the classification. (May be changed after new study.)

§85.055. Difference Between Steps. There shall be a difference of approximately five percent between each salary step within the normal six step range. (May be changed after new study.)

§85.060. Multi-step Ranges. The compensation plan may provide more than six rate steps within a particular range. In positions to which such ranges apply, the advancement to higher salary steps may occur after such periods of satisfactory service within the step as may be fixed for that particular range. (May be changed after new study.)

§85.070. Nursing Home Aides. Persons employed within the County service as Nursing Home Aides shall be considered to be within a multi-step range regardless of the number of steps provided within that range.

§85.075. Limited-step Ranges. The compensation plan may provide for less than six steps within a particular range. In positions to which such ranges apply, the advancement to higher steps may occur after such periods of satisfactory service within the step as may be fixed for that particular range.

§85.080. Exceptional Increases. When exceptional circumstances justify such action, and upon request of the appointing authority, the County Court reserves the right to approve exceptions to the general rules of eligibility for salary increases.

§85.110. Salary Rate Upon Promotion. When an employee is promoted to or otherwise appointed to a position in a class having a higher salary range, he shall not enter said range at the entrance level rate if such rate would be lower than the salary rate he was receiving before the promotion occurred. Such an employee shall enter at the rate he was receiving in his former position or shall be placed at a rate step in the new range which would provide the rate equivalent to a one-step increase. (The advancement to a higher step may occur after such period of satisfactory service within the step as may be fixed for that particular range.)

§82.120. Salary Rate Upon Demotion. If an employee is demoted or reclassified to a position or class with a lower salary range for reasons which do not reflect discredit upon his employment record, his salary rate may remain the same if it is within the salary range of the lower class or position. Demotion occurring during probation shall normally result in a corresponding reduction of salary rate. Demotion for cause shall normally result in a corresponding reduction in salary rate.

§85.130. Salary Rate Upon Transfer. When an employee is transferred his rate of pay remains the same.

§85.210. Computing Eligibility for Salary Increase. In computing an employee's eligibility for salary increase and subject to §85.450. the period shall be measured from the date of his promotion, reclassification or appointment to his position. Transfers shall not effect such computation.

§85.220. Part-time Employees. Part-time employees who are not regularly employed more than 70 hours a month within a department shall receive such compensation for their service as may be individually fixed by the appointing authority with the approval of the County Court. Part-time employees who are regularly employed more than 70 hours a month within a department shall be eligible for salary rate increase but the eligibility periods between salary rate steps shall be doubled.

§85.225. Seasonal Employees. Seasonal employees shall receive such compensation for their services as may be individually fixed by the appointing authority with the approval of the County Court.

§85.310. Salary Range Adjustments. The compensation plan is intended to provide reasonably competitive ranges of pay for each classification of County services. The County Court may annually review the compensation plan's achievement of this goal. The County Court may make adjustments in a salary range or ranges as it deems necessary to attract and hold competent personnel and to provide equity between the various classifications. Such salary range adjustments are to be distinguished from salary increases for individual employees as they are not intended to give recognition to length or quality of service but are to be based upon prevailing rates of pay for the various classes of work within the County service.

§85.320. Effect of Salary Range Adjustments. The salary rate of an employee whose salary range is adjusted shall normally be adjusted the same number of steps that the revised range is adjusted and all employees so affected shall receive the adjustment uniformly. Such adjustments will not change an employee's eligibility for anniversary salary increases as provided in §§85.040-075, 85.210-225.

§85.330. Costs of Salary Range Adjustments. Funds necessary to cover the costs of adjusting salary ranges shall be provided by the County Court in a manner consistent with sound budget administration.

§85.410. Monthly Pay Period. All monthly salaried employees shall be paid upon the basis of a monthly pay period beginning upon the first day of each calendar month and ending upon the last day of that calendar month. All hourly salaried employees shall be paid upon the basis of a monthly pay period beginning on the 26th day of each calendar month and ending upon the 25th day of the following calendar month. It shall be the County's policy to pay each employee on or about the last judicial day of each calendar month that compensation, less authorized and required deductions, which he has earned in the current monthly pay period.

§85.430. Emergency Draw. Upon recommendation of the Department Head and under circumstances of an emergency nature, the County Court may authorize the County Clerk to pay an employee a sum of money representing an advance upon wages which he has already earned.

§85.435. Monthly Pay Draw. Each employee shall be entitled to one pay draw each month. This pay draw may be made on the 15th day of each month or the first business day after the 15th day of the month. Each employee may request a draw up to no more than the net amount earned by the employee on the date the draw is requested.

§85.450. Anniversary Date. For the purpose of computing eligibility for salary rate increases, each person appointed, promoted or reclassified into a position or classification or salary range shall be deemed to have been so on date such action occurred, if it was the next succeeding monthly pay period.

§85.460. Pay for Partial Month. In computing a partial month's pay, the amount paid to salaried personnel for working less than a full month shall be determined on the basis of pro-rating the number of days worked with the number of work days, including holidays, in that month.

§85.470. Hourly Rates. Hourly rates of pay shall be used for those positions within the County service where conditions of employment may warrant.

§85.480. Daily Rates. Daily Rates shall be used only where conditions of employment warrant.

§85.510. Overtime. Overtime shall be considered as periods worked in the employee's regular position in excess of the work week or workday regularly scheduled for that position. Periods of less than one-half hour may be disregarded. Work performed on holidays which fall within the department's regular work schedule shall not be considered as overtime work, except that employees working on such holidays shall be granted time off equal to the time worked unless otherwise provided for by Union Contract.

§85.515. Split Shifts. All work performed in one day after 12 hours from the time the employee initially reports for work will be considered overtime. An employee whose shift falls partly within and partly without a holiday shall not be considered as having worked upon the holiday unless at least four hours of that shift shall fall within the holiday.

§85.520. Authorization for Overtime. A department head may authorize overtime when in his judgment, work in excess of the standard work week or workday is required. Time worked, beyond the standard work week or workday will not be considered overtime unless it has been specifically authorized by the department head.

§85.550. Eligibility for Overtime. The eligibility of positions within the classified service for overtime compensation shall be determined by the County Court. Those classes eligible for overtime compensation shall be so designated in all compensation plans effective July 1, 1971. Exceptions to the rules regarding eligibility for overtime compensation may be approved by the County Court when, in their judgment, circumstances warrant making such an exception.

§85.560. Overtime Compensation. Compensation for overtime worked will normally be in the form of compensatory time off. The department head may authorize cash compensation when he deems the use of compensatory time off to be impracticable. Except for overtime earned in the last month of any fiscal year, compensatory time off and cash compensation must be provided within the fiscal year in which it has been earned for overtime worked. When an employee is terminated, he shall receive cash compensation for any overtime accrued.

§85.570. Overtime Compensation Rate. An employee shall be compensated for authorized overtime at the rate of one and one-half for each hour worked. In computing cash compensation, the conversion table furnished by the Civil Service Commission may be used to convert monthly, weekly or daily salaries into hourly amounts.

§85.580. Part-time Employees. Any part-time employee who works periods in excess of the regularly scheduled work week or work day for his position shall receive payment therefore only at his regular rate and not at the one and one-half time overtime rate.

§86.010. Normal Hours of Work. The regular hours of work each day shall be consecutive except for interruptions for rest and meal periods. Except for instances where a different practice may be in effect. The normal workday shall consist of a seven and one-half (7 $\frac{1}{2}$) hour day for employees who work in the Courthouse, excepting the Sheriff's Department, and eight (8) hours for all other employees, exclusive of meal periods. However, in the event the County elects to schedule four (4) consecutive days of ten (10) hours work per day as the regular workweek in any department or departments, regular hours of work shall be scheduled within such department(s) consistent with such weekly schedules.

§86.020. Departmental Designations. Any department head may file with the County Clerk a designation of office hours for his department. Unless disapproved by the County Court as applicable to that Department.

§86.030. Designation of Department Shifts. Except where continuous operations are involved, and insofar as consistent with the normal operations of the department in which they work, all employees shall be scheduled to work on a regular shift and each shift shall have a regular starting and quitting time. Changes in regular work schedules may be made, provided that employees are given notice of such schedule changes. Except for emergency situations, and for the duration of the seventy-two (72) hours in advance. (An emergency situation shall be deemed to be one where the County reasonably believes that immediate action on its part is necessary if serious public or private injury or damage is to be limited or avoided.)

§86.110. Holidays. The following days are holidays for persons employed in the County service:

- (1) New Years Day - January 1
- (2) Lincoln's Birthday - The first Monday in February
- (3) Washington's Birthday - The third Monday in February
- (4) Memorial Day - The last Monday in May
- (5) Independence Day - July 4
- (6) Labor Day - The first Monday in September
- (7) Veteran's Day - November 11
- (8) Thanksgiving Day - The fourth Thursday in November
- (9) Christmas Day - December 25
- (10) Floating Holiday - An eligible employee's floating holiday each contract year shall be scheduled by mutual agreement between the employee and his/her supervisor.

§86.120. Weekend Holidays. Whenever a holiday shall fall on Sunday, the succeeding Monday shall be observed as the holiday. Whenever a holiday shall fall on Saturday, the preceding Friday shall be observed as the holiday. However, where continuous operations are involved, should a day of holiday observance fall on an employee's

regularly scheduled workday, in lieu of observance of the holiday on that date, another day off may be scheduled for the employee as his/her holiday.

§86.130. Additional Holidays. At any time the Governor, the President of the United States, or the Oregon State Legislature shall designate an additional holiday, such day shall be considered to be included within the provisions of §86.110 and §86.120.

§86.140. Holiday Compensation. Each regular full-time employee who has completed his initial probationary period and who works his last regularly scheduled day before and his first regularly scheduled day after any of the above holidays shall be eligible for holiday pay. However, an employee's failure to work on such prior or next following scheduled workday shall be excused if due to one of the following reasons:

- (1) Jury service;
- (2) Scheduled vacation;
- (3) Bona fide injury or illness. The County will not normally require a signed statement from a licensed physician as verification of the injury or illness the first time an employee fails to satisfy the "day before" or "day after" requirements of this section because of an injury or illness. However, unless specifically excused from doing so by the employee's supervisor or department head, such a statement will be required in all subsequent instances where the employee fails to satisfy these requirements because of injury or illness;
- (4) Any other verified reason excused by the County.

Employees who are on layoff or unpaid leave of absence are not eligible for holiday pay for holidays occurring during the layoff or leave.

An eligible full-time employee shall receive one day's pay for each of the holidays listed above which falls on a regularly scheduled workday and on which he performs no work.

Should an employee be on authorized leave when a holiday occurs, such holiday shall not be charged against such leave.

Subject to the exception provided for continuous operations in §86.120 above, if an employee works on any of the holidays listed above, he/she shall, in addition to his regular rate of pay for the hours worked, be credited with one and one-half (1 ½) hours of compensatory time off for each hour worked, or paid the equivalent amount.

§86.150. Part-time Employees. A regular part-time employee who works not less than ½ the regular scheduled hours per month for that Department, and who satisfies all other conditions for holiday pay eligibility as stated in §86.140 above shall receive each paid holiday which occurs during his regularly assigned duty hours or days; on a pro rata basis.

§86.211. Paid Vacation Leave. Regular full-time employees who have at least one (1) year of continuous employment with the County shall be entitled to annual paid vacation in accordance with the following schedule:

<u>Length of Employment</u>	<u>Amount of Vacation</u>
1 to 4 years	10 workdays
4 years	11 workdays
5 years	12 workdays
6 years	13 workdays
7 years	14 workdays
8 to 15 years	15 workdays
15 or more years	20 workdays

A workday shall be considered as seven and one-half (7 ½) straight-time hours for employees who work in the Courthouse, excepting the Sheriff's Department, and eight (8) straight-time hours for all other employees. Continuous employment for the purpose of accumulating vacation leave credit shall be service unbroken by separation from

1985-0363 (59)

employment with the County. Periods of excused absence of less than one (1) month shall be included as continuous employment. Layoffs of one (1) month or more, or leave of absence of one (1) month or more, including absences due to sick leave, will not be counted as part of continuous employment for accrual purposes, but employees returning from any such leave and from layoff status within one (1) year of the layoff shall be entitled to credit for service prior to the leave or layoff.

§86.215. Vacation Accrual. After the first anniversary date, vacation will be accrued on the basis of 1/12 annual rate per month.

§86.230. Scheduling Vacation Leave. Employees shall be permitted to request a split or single vacation. Whenever possible, consistent with the judgment of the department head as to the needs and requirements for vacation relief, employees may schedule their vacation times. Subject to such requirements, vacation time shall be scheduled as between employees on the basis on seniority, provided, however, each employee will be permitted to exercise seniority only once a year. The County shall have the final determination of vacation times based on operations and the availability of vacation relief.

§86.240. Accumulation of Vacation Credits. Sheriff's Department employees may accumulate vacation leave not in excess of 20 working days, all other employees may accumulate vacation leave up to 25 working days. An employee who is about to lose vacation credit because of accrual limitations and who, because of County insistence, has been unable to schedule and take sufficient amounts of vacation in the current year in order to avoid exceeding such maximum accrual, may, by

1985-0363 (59)

notifying his supervisor at least thirty (30) days in advance, absent himself to prevent loss of this vacation time. In such instances, such action taken by the employee shall not constitute a basis for disciplinary action or loss of pay. A regular part-time employee who works not less than seventy (70) hours per month shall accrue vacation on a pro-rata basis.

§86.250. Transfer Credits and Terminal Vacation Pay. Accumulated paid vacation days to which an employee is entitled shall:

- (1) be assumed by a new appointing authority whenever an employee is transferred to or appointed to another department;
- (2) be paid to an employee in the form of cash compensation upon his expiration from the County service; and
- (3) be paid to the heirs of the deceased employee in the same manner that salary due to him is paid.

§86.310. Sick Leave. Persons regularly employed full-time in the County service shall be excused from attendance at work when unable to perform their duties by reason of:

- (1) illness;
- (2) injury;
- (3) necessary medical or dental care;
- (4) quarantine - exposure to contagious disease which will endanger the health of the employee if he continues to work or the health of those who associate with him;
- (5) serious illness in the employee's immediate family, which shall be defined to include the employee's mother, father, spouse, sister, brother, children and grandparents, or any relative residing in the employee's immediate household. This does not provide extended household or child care. A maximum of three (3) days' absence shall be allowed for each such serious illness.

§86.320. Verification of Illness or Injury. Certification by an attending physician or practitioner showing sufficient disability to require the employee's absence from his duties shall be required of an employee after three (3) days absence as a precondition to receipt of compensable sick leave. If the certification does not show such disability, sick leave shall not be paid and the employee will be subject to disciplinary action.

§86.330. Family Death. Regular full-time employees shall be allowed up to three (3) days leave with pay (22 ½ hours pay for employees who work in the Courthouse, excepting the Sheriff's Department, and 24 hours pay for other employees) in any year for scheduled work time lost when necessary to arrange for and/or attend a funeral of a member of the employee's immediate family. Funeral leave shall not be cumulative from year to year.

Immediate family for purpose for this Section shall mean the employee's mother, father, spouse, sister, brother, child, and grandparents, and any relative residing in the employee's immediate household.

§86.340. Paid Sick Leave. After an employee has completed six (6) full months of employment, he shall be credited with forty-eight (48) hours of accrued sick leave, unless he works in the Courthouse, in which event he shall be credited with forty-five (45) hours of accrued sick leave. Thereafter, the employee shall continue to accrue sick leave at the rate of eight (8) hours per month (seven and one-half (7½) hours per month if he works in the Courthouse) for each full calendar month of active employment. Sick leave is provided by the County to cover "sickness" and is not to be used as a supplement for vacation. Sick leave may be taken only for the purposes specified in §86.310 hereof. Except as provided in §88.410 below, no compensation for accrued sick leave shall be provided for any employee upon his death or termination of employment, for whatever reason. Sick leave shall not accrue during any period of layoff or leave of absence, except for a leave of absence required by the County for job-related educational or training purposes.

1985-0363(59)

In the event an employee suffers from "sickness" and is unable to perform his duties, he shall notify his supervisor of his expected absence and the nature and expected length thereof prior to the start of his regular work shift.

§86.350. Absence Paid by State Accident Insurance Fund. When an injury occurs in the course of employment, the injured employee may utilize accrued sick leave to receive the difference between payments received under Workmen's Compensation and his regular salary. In such instances, prorated charges will be made against the employee's accrued sick leave.

§86.360. Sick Leave Without Pay. Upon application by an employee and recommendation of the appointing authority, the County Court may authorize sick leave absence without pay not to exceed one years duration. Such sick leave without pay shall not be granted until all accrued sick leave with pay has been exhausted. The appointing authority may require an employee to submit a certificate from an attending or examining physician, as a condition to recommending or continuing the leave. In the event of a failure or refusal to supply such certificate, or if the certificate does not clearly show sufficient disability to preclude the employee from performance of duties, such sick leave shall be cancelled and the employees service terminated.

§86.370. Sick Leave Compensation. Accumulated sick leave shall be payable at the employee's regular straight-time rate commencing with his/her first scheduled workday absent because of illness or injury and shall continue for the duration of the illness or injury or until the employee's sick leave bank has been exhausted. However, should an employee have more than three (3) instances in a calendar year when

he/she misses work because of a nonhospitalized illness or injury within subparagraphs (1) and/or (2) of §86.310, in all subsequent instances of absence because of such nonhospitalized illness or injury within that calendar year, sick leave payments will commence on the second scheduled workday of absence.

§86.410. Computation of Longevity. In computing periods of continuous County service for the purpose of vacation and sick leave longevity, all periods of excused absence less than a month may be ignored. Leaves of absence of a month or more due to sick leave or other authorized leaves of absence shall be excluded from the computation but shall not break continuity of service. Transfer of employees from one department to another shall transfer accrued vacation and sick leave days. No promotion, demotion or change of classification shall effect the computations and all paid sick or vacation leave shall be paid at the rate current when taken.

§86.420. Part-time Employees. Part-time employees shall accrue paid vacation and sick leave credit payable at the rate current when taken, rateably in the amount proportionate to that which would have been accrued under permanent full-time employment. Provided, that no part-time employee who regularly works less than seventy (70) hours per month shall accrue longevity for this purpose.

§86.430. Transfer from Part-time to Full-time Employment. Any person in the County service who has accrued paid vacation or sick leave credits as a part-time employee and subsequently is appointed to a full-time position in the County service shall be credited with such proportionate accrual. A seasonal employee who is subsequently employed in a full-time position shall be similarly credited.

§86.440. Date of Employment. For purposes of computing accrual of paid vacation and sick leave days, the date of employment for each person in the County service shall be the date of his employment if occurring on the first day of a monthly pay period, and otherwise shall be the first day of the following monthly pay period. Provided that when a part-time or seasonal employee entitled to vacation or sick leave credits is appointed to a full-time position within the County service his date of employment shall be his date of employment in such position and for purposes of computation thereto shall be added any accrued sick or vacation days.

§86.510. Temporary Interruption of Employment. Any temporary interruption of employment because of adverse weather conditions, shortage of supplies or for other unexpected or unusual reasons, which does not exceed ten days shall not be considered a layoff if, at the termination of such conditions, employees are to be returned to employment. Such interruptions of employment may be charged to accrued vacation leave or may be recorded as leave without pay.

§86.520. Longevity Following Re-employment or Reinstatement. An employee who is re-employed following a Civil Service Hearing, a layoff, or a separation of leave without pay, shall have vacation and sick leave credits accrued during the previous employment restored. An employee who is reinstated within one year of a voluntary separation may have all or a portion of his sick leave credits restored by the appointing authority and the County Court.

1985-0363(59)

§86.610. Jury and Witness Leave of Absence. A person holding a regular full-time position in the County service shall be credited a leave of absence with pay for attendance:

(1) in Court for jury service, provided that the salary paid to the employees for the period of absence shall be reduced by the amount of money he receives for jury service;

(2) before a Court, legislative committee, or a judicial or quasi-judicial body, as a witness in response to a subpoena or other direction by proper authority, provided that the salary paid to the employee for that period of absence shall be reduced by the amount of any witness fees he receives;

(3) in Court in connection with the employees officially assigned duties, including the time required to go to the Court and to return to his place of work.

§86.620. Military Leave with Pay. A person employed within the County service upon a regular full-time basis who has served in such capacity for six months or more immediately preceding his application for military leave, and who is a member of the National Guard or any reserve components of the armed forces of the United States, is entitled to a leave of absence from his duties for a period not exceeding fifteen calendar days in any calendar year. Such leave shall be granted without loss of time, pay or other leave, and without impairment of merit ratings or other rights or benefits to which he is entitled. Military leave with pay must be granted only when an employee receives bonafide orders to active or training duty for a temporary period, and shall not be paid if the employee does not return to his position immediately following the expiration of the periods for which he was ordered to duty. Leave with pay shall not be granted to employees entering the military service for extended and indefinite periods of active duty.

1985-0363 (59)

§86.630. Educational Leave. An appointing authority may require an employee to attend designated educational or training courses. When so required, the attending employee shall be reimbursed for all or part of the costs and expenses thereof.
