

## Memo

TO: Wasco County Planning Commissioners

FROM: Kelly Howsley-Glover, Long Range/Special Projects Planner

DATE: April 26, 2017

SUBJECT: May 2<sup>nd</sup> Roadshow Event

---

As a result of input during the April 11<sup>th</sup> meeting, staff has developed a flexible roadshow format for the vision phase of Wasco County 2040 that involves the following:

### **Presentation (15 minutes)**

Staff will provide a 15 minute overview on the Wasco County 2040 process, goals and provide instruction and context for the dot exercises.

### **Dot Exercise (20 minutes)**

Staff have developed four dot exercise posters for public participation. Participants will get up and place dots on boards during an informal twenty minute time period.

### **Group Discussion (25 minutes)**

We will reconvene to discuss results of dot exercise, what it means, and allow for some additional discussion.

The content of the posters/dot exercises are included in the packet for your review prior to the meeting. The exercises are based on the main goals of the roadshow (engagement, narrowing workplan scope, education) and the questions/content relates to survey material, CAG identified areas of interest, and Wasco County Strategic Plan. Survey questions were developed using established methods from other jurisdictions and analysis of frequently customer inquiries to the Planning Department.

We can also discuss, following the hour roadshow activities, what worked well and what may need some alteration.

**What Goals Would You Like Us To Focus On?**

*(Pick your top three. Red=#1, Green=#2, Black=#3)*

- Citizen Involvement
- Land Use Planning
- Agricultural Lands
- Forest Lands
- Natural Resources, Scenic & Historic Areas & Open Spaces
- Air, Water & Land Resources Quality
- Areas Subject to Natural Hazards
- Recreational Needs
- Economic Development
- Housing
- Public Facilities and Services
- Transportation
- Energy Conservation
- Urbanization

**Where would you like to see residential development (red dot), employment growth (green dot), conservation or minimal development (black)**

**Our Goal is Pioneering Pathways to Prosperity.**

**What do you need to help achieve this goal?**

*(Write in)*

**What development types would like to encourage/discourage?**

*(Green= encourage, red= discourage, black=stay the same)*

- Residential (single family)
- Residential (multi-family)
- Residential (alternative...tiny homes, etc)
- Senior/assisted living
- Small scale agriculture
- Large scale agriculture
- Agricultural tourism
- Agriculture secondary processing/industrial
- Public outdoor recreation sites/attractions
- Public recreation camping/lodging
- Private camping/lodging
- Home based businesses
- Commercial renewable energy facilities (wind, solar)
- Rural commercial activities (retail, services)
- Rural industrial (manufacturing, distribution)
- Logging/forestry

Other:

encourage

discourage
